

INSTRUCTIONS:

1. Submit this report to the Auxiliary Coordinator as soon as possible after conducting the survey.
2. The best time to survey bridges is shortly before sunset so you can observe any hazards or discrepancies before dark, then observe the lights after dark.
3. If conducting the survey by land, respect all property rights. **DO NOT TRESPASS.**
4. Auxiliaries do not have law enforcement authority. Take care that your survey is not interpreted as a law enforcement action.
5. Minor discrepancies (e.g. one light out, clearance gauges hard to read) should be reported by mail. More serious problems (e.g. most or all lights out, hazards to navigation, bridge malfunction) should be reported to the nearest Coast Guard Group Office by telephone or radiotelephone. If in doubt, report it.

NAME OF BRIDGE Veteran's Memorial Bridge	LATITUDE 35 00' N	LONGITUDE 114 40' W
NAME OF WATERWAY Colorado River	MILES ABOVE MOUTH 258.2	TYPE OF BRIDGE F

NAME/ADDRESS OF BRIDGE OWNER Fort Mojave Indian Tribe 500 Merriman Needles CA 92363	NAME/ADDRESS OF BRIDGE OPERATOR (if different)
