HOUSING SURVEY

To Our Valued Customer,

Our records indicate that you decided to live on the economy rather than use government housing located in the vicinity of your assigned duty station. Your decision to live on the economy may have been driven by many reasons, some of which could provide valuable insight for the Air Station Cape Cod Housing Program.

I ask that you please take some time to answer the survey below. This is an informal survey and **your input is important!** The information that you provide below will ONLY be used to summarize responses. All individual responses are kept confidential.

The information collected from the Housing Survey will be used to determine the current and future demands for government housing. In addition, the information you provide will assist in establishing demographic patterns for those who live on the economy, which will be utilized by the housing staff for collection of data in future Basic Allowance for Housing (BAH) surveys requested by Commandant.

1. **What is your pay grade:** _____.
