MSST Anchorage has not developed a JQR for Waterside Section Chief (BMC); nor is there a requirement to do so. The tactical w/s training was led by BMC [REDACTED] IAW MSSTANCHINST M3530.1 (Which "mirrors" PACAREAINST M3530.1).

I will fax you a signed copy. Note: there is no date on it.

PS3 Gill shot the MGBC 26APR06. I will fax you the CG-3029 that documents it. Per attached msg (R201759ZDEC06), the training periodicity is annual to my knowledge. Note: There seemed to be some confusion on the issue, and the msg was a topic of discussion in the community. I will have to defer you to LCDR Bosau (previous CO) or LT [REDACTED] (previous OPS), to obtain how they interpreted the issue.

Hope this helps. Pls confirm when you get the fax.
